

University of California San Diego
Graduate School of International Relations and Pacific Studies (IR/PS)
Class of 2008 Internships (Summer 2007)
<http://irps.ucsd.edu>

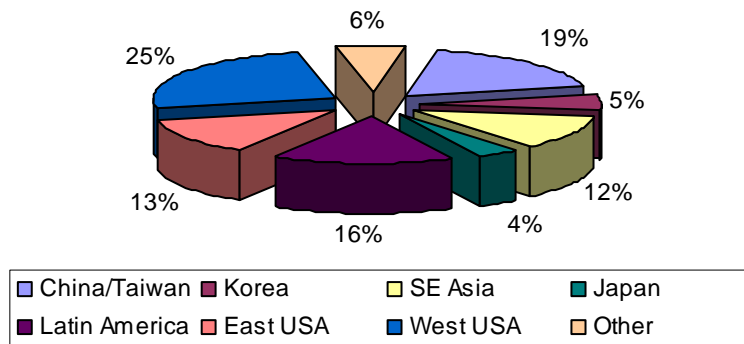

Internships offer IR/PS graduate students opportunities to apply theoretical knowledge in the field and to investigate career options through hands-on experience. Examples of internships include conducting economic research, marketing surveys, policy and financial analysis, as well as managing global conferences and meetings at a variety of multinational organizations. We are proud of our students' accomplishments.

IR/PS specializes in the Pacific Rim, one of the most dynamic regions in the world today. Situated on the University of California, San Diego campus, IR/PS offers a unique concentration of contemporary business issues, economics, politics, policy, and international relations of the Pacific Region, encompassing the Americas, East Asia and the Pacific.
